Orthodox LIFE School is a program directed primarily at young adults, but also anyone wanting to get to know Jesus Christ, the Faith and the Tradition of the Orthodox Church better. The program is designed to be practical, personal and interactive. We will follow the daily schedule of the monastics and participate in the services and daily obediences at the monastery as well as receive talks from clergy, monastics and people from different walks of life. Together we will address challenges and opportunities that Orthodox Christians encounter in modern life, help each other to take up our crosses and follow our Lord and Savior, Jesus Christ.

Among the speakers are:

- Bishop Daniel of Santa Rosa
- Mother Melania of Holy Assumption Monastery
- Fr. Innocent Green of St. John Monastery
